WANTED DEAD OR ALIVE!

DEAD TOWN is a new and super special Western performance by Theatre Forman Brothers from Prague.

The Scandinavian premiere will take place in Silkeborg, Denmark during Festival of Wonder 2017!

You may look forward to a total theater performance with puppets in human size, dancers, acrobats, musicians with newly composed music, projections and lots of surprises.

Many have already seen the former performances by Theatre Forman Brothers at Festival of Wonder: "Obludarium" and the 2015 Scandinavian premiere of "A Poetic Meeting in the Moonlight" with the giant moving puppet.

Dead Town will be the largest and most spectacular performance that Festival of Wonder presented - ever.

It will be presented in Silkeborg's beautiful urban spaces at the harbour right up to the river Gudenå.

We are proud and very pleased to present this Scandinavian Premiere in the days 9. to 13. November 2017.

The setup of the show at Silkeborg harbour will start on Monday November 5th.

Much more on this later!
